Chalk In the Rain

[Point of Grace](#)

We want it all, we want it now
We want life to be fair, everybody does
We lose ourselves under the faces
That we learn to wear, oh, we just wanna be lovedWe're so busy
Tryin' to find wonderland
We forget what we've got
Right here in our handsAll I know is we gotta hold on to
The beautiful before it's gone
Life is a sidewalk, Mona LisaAnd it breaks your heart
When you see her wash away
It's all just chalk in the rainWe wanna laugh, we wanna live
We're dyin' for peace in the worst way
When will we learn to trust each other
Have a little faith and not be afraidEvery moment's fleeting
Like a breath in the wind
The truth is we may never
Pass this way againAll I know is we gotta hold on to
The beautiful before it's gone
Life is a sidewalk, Mona LisaAnd it breaks your heart
When you see her wash away
It's all just chalk in the rainLet's slow down
Take a good look around
At what we got
Before the sky opens upAll I know is we gotta hold on to
The beautiful before it's gone
Life is a sidewalk, Mona LisaAnd it breaks your heart
When you see her wash away
It's all just chalk in the rain
It's all just chalk in the rain
