Collective Soul

Poetry of politics and lost entities
Government is loneliness on this we agree
High are the angels and low I decree
Love only burns when fueled by belief
Home, welcome home
Take a little walk, take a little walk
Right through our home, this is home
Take a little walk, take a little walk
Right through our home
Climb up the mountains, then slide to the seas
Beauty adores us on this, we agree
God is a witness and God is a tease
Pick up your faith, yeah, everybody come with me
Home, welcome home
Take a little walk, take a little walk
Right through our home, this is home
Take a little walk, take a little walk
Right through our home
Home, home
Home, home
Home, welcome home
Take a little walk, take a little walk
Right through our home, this is home
Take a little walk, take a little walk
Right through our home
Home, welcome home
Take a little walk, take a little walk
Right through our home, this is home
Take a little walk, take a little walk
Right through our home
Home
