Constant Motion

Dream Theater

Tunnel vision at blinding speed Controlling my thoughts, obsessing me

Void of any uncertainty

Throughout my very soulLost illusions of my control

Resisting all hope of letting go

Racing impulse of dark desire

Drives me through the nightI tried to shut it down

It leaves me in the dust

No matter what I've found

I can never get enoughFrantic actions of insanity

Impulsive laced profanity

Long for elusive serenity

Way out of my controlTraveling through both space and time

Out of body, out of mind

Out of control

My wheels in constant motionSpinning round and round it goes

I can't let up, I can't let go

Can't stop this flame from burning

Forever more into the night blisteringFocus here, focus there

Cannot see the light

Falling down through the night

Sprawling everywhereSearching left, searching right

Panic setting in

I can no longer fight

When will this end? Accelerate, dislocate

Set to crash and burn

Havent got time to waste

Not planning to returnAggravate, agitate

When will I ever learn?

There's no way out of here

Nowhere to turnObsessive yearning

Compulsive burning

Still never learning

Insane random thoughts of neat disorderScattered wasteland surrounding me

Tattered memories of what used to be

Apocalyptic mind debris

Until we meet againTraveling through both space and time

Out of body, out of mind

Out of control

My wheels in constant motionSpinning round and round it goes I can't let up, I can't let go

Can't stop this flame from burning

Forever more into the night blisteringTraveling through both space and time Out of body, out of mind

Out of control

My wheels in constant motionSpinning round and round it goes I can't let up, I can't let go

Can't stop this flame from burning

Can't stop the wheels from turningTraveling through both space and time You get yours and I got mine

Out of control

My wheels in constant motionSpinning round and round it goes
I can't let up, I can't let go
Can't stop this flame from burning
Forever more into the night blistering
