

This Year's Kisses

[Nina Simone](#)

This years crop of kisses
Don't seem as sweet to me
This years crop just misses
What kisses used to be This years new romance
Doesn't seem to have a chance
Even helped by Mr. Moon above ohh This years crop of kisses is not for me
'Cause I'm still wearin' last years love This years crop of kisses
Don't seem as sweet to me
This year's crop just misses
What kisses used to be This years new romance
Doesn't seem to have a chance
Even helped by Mr. Moon above This years crop of kisses is not for me
Is not for me 'cause I'm still wearin' last years
I'm still wearin' last years
I'm still wearin' last years love
