Living For Eternity

[The McKameys](#)

In the rat race world we're living
In these last days
We've fallen in love with ourselves
And most of our ways
Where up is down
And right is wrong
And darkness prevails
But I'm living for a kingdom
That will never fail

I'm living for eternity
Laying up treasures
In my heavenly home
Setting my mind on things above
And not here below
I'm living for the moment
When all nations bow
Before our Saviours throne
All who will come and go with me
Living for eternity

In a different kingdom that may
Seem far away
Where the love of God grows
Deeper day by day
When in my heart the one
True God is sitting on a throne
I'm living for a kingdom
That is not my own

I'm living for eternity
Laying up treasures
In my heavenly home
Setting my mind on things above
And not here below
I'm living for the moment
When all nations bow
Before our Saviours throne
All who will come and go with me

Living for eternity
Iâ€™m living for eternity
Laying up treasures
In my heavenly home
Setting my mind on things above
And not here below
Iâ€™m living for the moment
When all nations bow
Before our Saviours throne
All who will come and go with me
Living for eternity
All who will come and go with me
Living for eternity
