## Kenickie

My halo slips over my eyes  
My nice dress rips and I don't cry  
What am I doing here  
when I just want to wear

PVC (it's my favourite plastic)  
PVC ('cause it's nice and shiny)  
PVC (and completely waterproof)  
Start again, start again

A lipstick stain on my nice dress  
The fabric's scarred and I'm distressed  
I take my own advice -  
get kitted out in nice

PVC (it's my favourite plastic)  
PVC ('cause it's nice and shiny)  
PVC (and completely waterproof)  
Start again, start again

Never see me cry this way  
Sugar-free and twice as nice this way

The moral of this little tale  
Do what you like and you can't  
fail To get in someone's way

Hey!

PVC (it's my favourite plastic)  
PVC ('cause it's nice and shiny)  
PVC (and completely waterproof)  
Start again, start again
