

High Maintenance

Miranda Cosgrove

I can't sleep, I keep you up all night
I know sometimes I get a bit uptight

So what if I break a few glasses?
kick a few asses?
You know i'm worth it

(here we go)
I'm the color on your palette
The sweetness on your tongue
You know how to work
I know how to have fun

All I want is everything
Does that make sense?
Does that make me high maintenance?
I crashed your new Ferrari
Baby, fix the dents!

Does that make me high maintenance?
No, Oh Oh
I don't think so

(check it out)
I went away and left
The key to my space

You had a big party, Your friends trashed the place

The neck of my strap was broken in half
Cause the dude thought he was Van Halen

You always keep me waiting
You're on Miranda time
but you know the promoters
You never wait in line

All I want is everything
Does the make sense?
Does that make me high maintenance?

You crashed my new Ferrari
Then said, " Fix the Dents"

Yes, that makes you high maintenance
Woah, Oh Oh

I don't think so
Hey, Hey
Just wanna have some
fun
I said Hey Hey

You're not the only one

I said Hey Hey

I know some games

That we can play
OKAY

What's up?

Yeah come on

All I want is everything
Does that make sense?
Does that make me high maintenance?

You crashed my new Ferrari
Then said, " Fix the dents"

Yes, that make me high maintenance
Woah, Oh Oh

I don't think so

(heyheyhey)
