## Holy Wave

You hold your hand, but not to anyone who can reach for it  
True love  
And then you give them, almost anything until you're nothing  
True love  
You come as true love (x2)I think you should know what you don't know  
You're just a black hole shadow  
And you take drugs  
So that you don't know that it's true love, true love  
But you just run around  
Yeah you just run around  
Slow down (x2)I think you gave your heart for love  
That you can get, now you're lost  
So you take drugs  
So that you found love and that it's true love, true love  
But you just run around  
Yeah you just run around  
Slow down (x2)
