

Streets of London (feat. Lindsey Stirling & Skye)

Marsha Ambrosius

Hello (hello)
Goodbye (goodbye)
On these streets of London
Many come, meant many go
But my heart will stay forever
Don't you know?
Don't you know?
Streets of London never let me go It's pretty on the outside
Great sky reminds me of you
I'm waiting on the sunshine
So blue
I remember when we first fell in love
Yeah, clouds above
Let it rain, let it rain, no hurry
Let it rain, let it rain, no hurry You see pretty on the inside
I cried over you
I'm waiting on my sunshine, I do
Gotta tell you how much I miss you so
Yeah, clouds above
Just let it rain, let it rain, no hurry
Could you let it rain, let it rain, no hurry On these streets of London is the place that I call home
Where the strong only survive
Where you're making on your own
On these streets of London many come, meant many go
But my heart will stay forever
Don't you know?
Don't you know? Streets of London (never let me go)
On these streets of London is the place that I call home
Where the strong only survive
Where you're making on your own
On these streets of London many come, meant many go
But my heart will stay forever
Don't you know?
Don't you know? Streets of London never let me go
I remember how we used to be
When every day was summer
My momma said that I could work the beat
Anything I wanna, daydreaming
Is my reality

Chase the clouds above
And make it rain, make it rain, no oh oh
I'ma make it rain, make it rain, no oh oh
I wanna go home, I wanna go home
I wanna go home
Home is where the heart is
Where's my heart? (Where's my heart? Where's my heart?)
