

# Pins and Needles

## Sworn In

I can't think straight  
So don't wait up for me  
I think I'll probably be late  
I'll just count to three  
1, 2, 3 GO!  
I couldn't care less  
Past the point of distress  
With a mind full of stress and a body to undress  
Nothing else matters  
Cause nothing's real in this mess  
I digress  
I want to caress your skin so I'll give it my blessing darling  
I've learned a lot from my stay in hell  
I've learned I don't have a story to tell  
Because when things become too much  
When love turns to touch  
Self-destruction is my crutch  
Give me pins and needles  
I'm tearing myself apart  
Give me pins and needles  
I'm playing my part  
And this pain is only the start  
I promise I am romantic I swear  
But I don't have to be fair (don't have to be fair)  
It's one sided this time  
So I walk this line  
Between safety and sanity  
Who am I meant to be?  
I've learned a lot from my stay in hell  
I've learned I don't have a story to tell  
Because when things become too much  
When love turns to touch  
Self-destruction is my crutch  
Give me pins and needles  
I'm tearing myself apart  
Give me pins and needles  
I'm playing my part  
And this pain is only the start  
Still wishing I was dead

DEAD!

So I'll poison myself

Too much beauty I suppose

These stories in my head are all I can compose

But as myskin turns pale

My eyes just stay shut

Filled them with pins and needles all for what?

Filled them with pins and needles all for what!?
