

# Summarize

## Little Birdy

Summarize what it means to be happy to you  
And all this .  
Summarize and I will take time to find you I am happy just lying here with you  
I am happy just lying here next to you  
Oh  
Maybe, maybe I see you in my mind  
Maybe Ill see you in time  
Dolly I just needa love you  
Darling I just need a little..  
Kiss kiss show me what you mean babe  
Bang bang. Show me  
And summarize this. Summarize and the moon is barking dangerously  
Summarize and I will take time to find you  
I am happy just lying here with you  
I am happy just lying here next to you  
Oh  
Maybe maybe I see you in my mind  
Maybe Ill see you in time  
Dolly I just needa love you  
Darling I just need a little..  
Kiss kiss show me what you mean babe  
Bang bang. Show me  
and summarize this  
oh and summarize this Darling oh I need you  
Darling  
Darling oh I believe you  
Darling
