

On The Coast Of Somewhere Beautiful

Kenny Chesney

Knew I could never hold that girl.
She was born to see the world.
All I got is a picture she mailed me.
Barefoot in the snow white sand;
A bag of sea shells in her hand.
She finally found a paradise it seems...[Chorus:]On the coast of somewhere beautiful,
Trade winds blowin' through her hair,
Sunlight dancin' on the water,
And I wish I was there.
Don't know how I'm gonna find her,
All I know so far...
She's on the coast of somewhere beautiful,
Runnin' with my heart.Sometimes when the sun goes down
Shadows fall across this little town,
And I close my eyes and I drift away
To another place in another time,
When the world was ours and she was mine,
I dream of holdin' her again someday...[Chorus:]Don't know how I'm gonna to find her,
All I know so far...
She's on the coast of somewhere beautiful,
Runnin with my heart.Oh, she's runnin' with my heart.On the coast of somewhere beautiful.
