

Take It With Me

Solveig Slettahjell

Phone's off the No one knows where we are
It's been a while since I drank chamaigne
The ocean's blue, as blue as your eyes
Gonna take it with me when I go
Old long since gone
And now, way back when
We lived in Coney Island
Ain't no good thing ever dies
Gonna take it with me when I go
Far, far away
A train whistle blows
Wherever you're going
Wherever you've been
Waving good bye
At the end of the day
You're up and you're over
And you're far away
Always for you
And forever yours
It felt just like the old days
We fell asleep on Beaula's porch
Gonna take it with me when I go
All broken down
By the side of the road
I was never more alive
Or alone
I've worn the faces off all the cards
Gonna take it with me when I go
Children are playing
At the end of the day
Strangers are singing
On our lawn
It's got to be more
Than flesh and bone
All that you've loved
Is all you own
In a land there's a town
And in that town there's a house
And in that house there's a man

And in that man there's a heart I love
Gonna take it with me when I go
Gonna take it
With me when I
Go
