

Ah You Left Me

David Lowery

I took a long, long walk in the forest
But it didn't stop the buzzing in my brain
I took long, long swim in the ocean
But it couldn't wash away the painAh, but you left me
Why did you leave?I took a long, long drive into the mountains
But it only made me feel more insane
I did a fast downhill on my skateboard
But it never blew away the painAh, but you left me
Why did you leave?
Ah, but you left me
Why did you leave?(Ahhh)Ah, but you left me
Why did you leave?
Ah, but you left meWhy did you leave?
