# Numinous

## Ace Troubleshooter

At daybreak I wait for You
Crush softly, come
With the brilliance and weight of Jupiter
You weaken me as with woundsIt's always enough to sound the deeps, Numinous
By falling under
It's always enough to run Your way, Numinous
And I will followAt sundown I wait for You
Speak softly, come
Dying now with the way
That Your voice and music are the same to meIt's always enough to sound the deeps, Numinous
By falling under
It's always enough to run Your way, Numinous
And I will followOne day's enough to know all fullness
I'll run Your way, You will enlarge my heart
Though You slay me, I will hope in You through all
Forgive the best of what we do and are just God, forgiveIt's always enough to sound the deeps, Numinous
By falling under
It's always enough to run Your way, Numinous
And I will follow
