

Seven Words

Broken Back

Hey ya, I heard you sing the song
We used to endless play
When we were cloud nine WouhouuSeven words that made him change his mind
Seven words for you to left him behind
With simple pleasures just to keep him blind
He should think about it, He should think about itHey ya, I heard you sing the song
We used to endless play
When we were cloud nine Wouhouu
It took a kiss to make it happen
It took some fun to make it real
After some nights he said "Well listen"
"No feelings, just fun, is that clear? " Hey ya, I heard you sing the song
We used to endless play
When we were cloud nine It took a thought to make him weak and
In the morning she used to leave fast
After two weeks he said, "Listen"
"Would you stay here for the breakfast? "He was cursed, no doubt felt weaker
And couldn't believe it was real
After two months he said "Listen"
"I got to tell you how I feel"
She has waited for this lesson
And to make her crystal clear
With a smile she said "Well listen"
"No feelings, just fun, is that clear? "Hey ya, I heard you sing the song
We used to endless play
When we were cloud nine
