

# Punish Her

[Bobby Vee](#)

If she has wronged you  
Found someone new  
But you feel it's not over  
Here's what you must do Punish her kill her with kindness  
Oh buy her red roses everyday  
Ah Punish her with so much affection  
That she will cry for the love she threw away She'll soon rediscover with tears in her eyes  
That you're the only lover she was born to idolize Just Punish her blind her with kisses  
Ah til she can't see how she let you go  
Then whisper darling, darling, darling  
I still love you so Punish her, punish her  
Punish her, punish her Ah Punish her blind her with kisses  
Til she can't see how she let you go  
Then whisper darling, darling, darling  
I still love you so Punish her, punish her  
Punish her, punish her
