Hate Me!

LeÄ‡ther Strip

Go!
I was born in ashes of molten hatred
Raised by the demons in abodes of the end
The reaper's scythe I fall upon to light my path
Wrecked by mangled wounds of life I have become
The resurrection of the evil one
Y?know that I don't fucking care If I live or die
I need a bishop preaching fire to get away with my sins
I despise everything I see
Ain't got respect for humanity
Never lived or wanted immortality
The reaper's scythe I fall upon to obscure my path
Every day I'm being battered up until I bleed
You motherfuckas just leave me be
Ya could never give me cure for the pain I feel inside
I need a bishop preaching fire to get away with my sins
I despise everything I see
I don?t give a fuck if you HATE ME!
Led by the reaper I walk in the night
Show me the way to your kingdom come

[solo]I believe in Armageddon, I've been baptised in alcohol
I'm embodiment of antichrist
I'm living for my own demise
[solo]I was born in ashes of molten hatred
Raised by the demons in abodes of the end
The reaper's scythe I fall upon to light my path
Wrecked by mangled wounds of life I have become
The resurrection of the evil one
Y?know that I don't fucking care if I live or die
I need a bishop preaching fire to get away with my sins
I despise everything I see
I don?t give a fuck if you HATE ME!
[solo]Led by the reaper I walk in the night
Show me the way to you kingdom come
[solo]I believe in Armageddon, I've been baptised in alcohol
I?ve been baptised in alcohol
I'm living for my own demise
If you HATE ME!
