# Lounge Fly

## Stone Temple Pilots

It's okay, it's okay, okay relieve me
Pins in me, pins in me, in me you kill me
The lounge fly, the lounge fly the fly you bring me
I think I'm free but the dogs they won't release me
Don't have a nickel or a dollar but you feed me
My bottle's empty but you always refuel me
I feel I'm sinking but you won't let me drown me
I wanna fuck, wanna fuck but do you need me?
I can't give what I take away
And the other understands
She said she'd be my woman
She said she'd be my man
And I can't live this way
Please refill my soul
It's okay, it's okay, okay relieve me
Pins in me, pins in me, in me you kill me
The lounge fly, the lounge fly the fly you bring me
I think I'm free but the dogs they won't release me
Don't have a nickel or a dollar but you feed me
My bottle's empty but you always refuel me
I feel I'm sinking but you won't let me drown me
I wanna fuck, wanna fuck but do you need me?
I can't give what I take away

And the other understands
She said she'd be my woman
She said she'd be my man
And I can't live this way
Please refill my soul
She said she'd be my woman
She said she'd be my woman
She said she'd be my man
I can't give what I take away
And the other understands
She said she'd be my woman
She said she'd be my man
And I can't live this way
Please refill my soul
She said she'd be my woman

She said she'd be my man
She said she'd be my woman
She said she'd be my man
She said she'd be my woman
She said she'd be my man
