## DuelJewel

Distance versus time  
Cutting verses down to size  
Focus versus tears versus how did I get here  
    Versus curses in your eyes  
    Force of nature versus range  
    Nature versus what is strange  
There's a fire starting here versus there's nothing to fear  
    Versus lonely versus safe  
    Like a kitten versus rain  
A cathedral versus love versus shame  
    Free versus out to sea  
Versus versus versus me, versus me  
    Distance versus time  
    Cutting verses down to size  
Focus versus tears versus how did I get here  
    Versus curses in your eyes  
    Force of nature versus range  
    Nature versus what is strange  
There's a fire starting here versus there's nothing to fear  
    Versus lonely versus safe  
    Like a kitten versus rain  
A cathedral versus love versus shame  
    Free versus out to sea  
Versus versus versus me, versus me  
    Like a kitten versus rain  
A cathedral versus love versus shame  
    Free versus out to sea  
Versus versus versus me, versus me
