

# Follow the Wind

[Bee Gees](#)

I'm so weary from holding this load  
But it's only love for you that I walk this lonely road  
I must follow the wind, follow the wind  
And the wind will take me hold before the cold Ev'ry stay I have counted, each flower I have seen  
But the place where I'm going, there's no grass as green  
I must follow the wind, follow the wind  
And the wind will take me home where I can dream In the hour I am lonely, your love will be mine  
I will stay in your arms, dear, until comes the time  
I must be on my way for my home is anywhere  
I have no time to stay, I have no time to care  
I must follow the wind, follow the wind  
As the wind gently blows in my hair I must follow the wind, follow the wind  
As the wind gently blows in my hair  
I must follow the wind, follow the wind  
As the wind gently blows in my hair
