

Such a Fine Time

drumfish

I cant find my tie
Theres something in my eye
All these troubles why
Such a fine time to be in my eye Where you going to be
Youve brought me to my knees
For all the world to see
Such a fine time to be on my knees (Chorus) Where are you going to be
I have found solitary
And I want you to bleed And I dont understand
What it takes to be a man
Its all here in my hands
Such a fine time to be a man
