

# Anything Like Me

Brad Paisley

I remember sayin' I don't care either way  
Just as long as he or she is healthy, I'm okay  
And then the doctor pointed to the corner of the screen  
And said, "You see that thing right there? Well, you know what that means"  
I started wondering who he was going to be  
And I thought heaven help us if he's anything like me  
He'll probably climb a tree too tall and ride his bike too fast  
End up every summer wearin' something in a cast  
He's gonna throw a ball and break some glass  
In a window down the street  
He's gonna get in trouble, oh, he's gonna get in fights  
I'm gonna lose my temper and some sleep  
It's safe to say that I'm gonna get my payback  
If he's anything like me  
I can see him right now, knees all skinned up  
With a magnifying glass tryin' to melt a Tonka truck  
Won't he be a sight with his football helmet on?  
That'll be his first love 'til his first love comes along  
He'll get his heart broke by the time he's in his teens  
And heaven help him if he's anything like me  
He'll probably stay out too late and drive his car too fast  
Get a speeding ticket, he'll pay for mowing grass  
He's gonna get caught skippin' class  
And be grounded for a week  
He's gonna get into trouble, we're gonna get in fights  
I'm gonna lose my temper and some sleep  
It's safe to say that I'm gonna get my payback  
If he's anything like me  
He's gonna love me  
And hate me along the way  
The years are gonna fly by  
And I already dread the day  
He's gonna hug his mama, he's gonna shake my hand  
He's gonna act like he can't wait to leave  
But as he drives out he'll cry his eyes out  
If he's anything like me  
There's worst folks to be like, oh, he'll be alright  
If he's anything like me
