Choir Of Horrors

Messiah

Agnus redemit oves:
Christus innocens patri
Reconciliavit peccatoresA lamp the sheep redeemeth:
Christ, who only is sinless
Reconcileth sinners to the fatherIt's written in the truth
I was crowned - I went down
Another man is raised - far too high up
A new emperor
Let him fear ruin! For in the scars it is written
Until he's shaken by the resonance of the seven trombonesBel Marduk - glory to him by ChaldaeusLater I saw an angel descending from the sky
One with great sway and the earth lit up
With his elevation and enlightmentThe sinner was despisedVolupatis avidus - magis quam salutis
Mortus in anima - et ustus fortiterI heard another voice amidst the lightning in heaven
Abscond Babylon and you won't share in the sin
And you won't partake in the painAnd as they glorified themselves and roused excess
To the same dreadful degree, they were overcome
By torment and despairUp to heaven!Os eius vias malus sederam elatus
Obdurat imperat ira vehementi sors turpissimaAnd I heard another cry from all of the trombones of retaliation
Abscond babylon and you won't partake in painBabylon - pray for the choir of horrors
Babylon - choir of horrorsThen I heard it from the heart of the city
I reign as a queen and I'm not a widow
Never will I feel regret, neverBabylon - pray for the choir of horrors
Babylon - choir of horrorsAnd so the pain will come
Plague, sorrow and hungerIn just one hour, you - might Babylon
Will perish in fire
