

# Full Moon

## The Black Ghosts

When the full moon turns white that's when I'll come home  
I am going out to see what I can sow  
And I don't know where I'll go and I don't know what I'll see  
But I'll try not to bring it back home with me Like the morning sun your eyes will follow me  
As you watch me wander, curse the powers that be  
'Cause all I want is here and now but it's already been and gone  
Our intentions always last that bit too long Far far away, no voices sounding  
No one around me and you're still there  
Far far away, no choices passing  
No time confounds me and you're still there In the full moons light I listen to the stream  
And in between the silence hear you calling me  
But I don't know where I am and I don't trust who I've been  
But if I come home how will I ever leave?
