Savage Messiah

Arch Enemy

Meet your maker
Rising from the ashes
Like a phoenix to the sky
So intense, so glorious...Uncontrollable desire
For our souls
The great lawgiver
So high and mightyThe immaculate deception
A taker of life
With unbridled aggression
Striking down on the disbelieversSavage - Messiah
Take us higher
Savage - Messiah
Take us now!Blessed in blood
We are reborn in hate
Thousands of spirits cry
So intense, so glorious...Uncontrollable desire
For our souls
The great Messiah
So high and mighty
