Thinkin' Back

Color Me Badd

Ohh baby, oh baby, yeah
We goin' take you back a little further
Thinkin' back on you and me, remembering how it use to be
Those times are precious, I cherish every moment we spent, yeah!
Thinkin' back on all the arguments, thinkin' back way back when
We kissed and made up and all was fair in love
So now we gotta go back baby
(Maybe we can turn the hands of time)
Going back to when
(Going back to when, when you were mine)
When we were one
(Remembering the times when we were one, one in love)
Love was fun
(Ohh baby, dig it)
Remembering the first time you showed me your love
The feeling was so strong Heaven sent from above
But you had no right to play with my heart
You showed no shame
Time after time and place after place, nght after night and day after day
I'm still missing your love and the feelings we share
Sometimes I cry at night 'cause I feel so all alone
I need your love right here with me to keep me safe and warm
(Maybe we can turn the hands of time)
I'm going back to when
(Going back to when, when you were mine)
When we were one, we were one, girl
(Remembering the times when we were one, one in love)
(Maybe we can turn the hands of time)
Ooh baby girl
(Going back to when, when you were mine)
When we were one
(Remembering the times when we were one, one in love)
Baby save me, I'm thinkin', thinkin', thinkin' back
Play Mr. Music Man, play, yeah
Play Mr. Music Man
Play Mr. Music Man, play
Play Mr. Music Man
Play Mr. Music Man, play, yeah
Play Mr. Music Man

Play Mr. Music Man, play
I'm thinkin', thinkin', thinkin' back
(Maybe we can turn the hands of time)
Ooh baby girl
(Going back to when, when you were mine)
When we were one
(Remembering the times when we were one, one in love)
Baby save me, I'm thinkin', thinkin', thinkin' back
(Maybe we can turn the hands of time)
When we were one
(Going back to when, when you were mine)
(Remembering the times when we were one, one in love)
Girl, I'm thinkin', I'm thinkin' back
