

Drug Money (feat. Future)

Yo Gotti

Drug money its gonna buy you what you want,
Drug money its gonna buy you what you want,
Drug money its gonna buy you what you want,
Drug money its gonna buy you what you want.
Fish scale, Ill buy you what you want,
Thousand bill, Ill buy you what you want,
A hundred square, Ill buy you what you want,
Shoot it through the air, and buy you what you want. I got plug money, gotta ship it back in Mexico,
Slot money make you shoot yourself like plexico,
Blood money, you fuck round, be the next to go,
Oil money, I got tanks of gas like Texaco.
Drug money, bitch, Im running out of head spot,
Shoe money, I had a hundred in a Nike box,
Hoe money, I took my bitch to ball in harbor,
Watch money, whats a forty for a starter.
In Mexico theyre growing weed in the back yard,
In Mexico get a pound, a couple one hundred, dawg.
Exotic money, now I be riding in exotic cars,
Switch my flow up just like future, now I got exotic bars. Drug money its gonna buy you what you want,
Drug money its gonna buy you what you want,
Drug money its gonna buy you what you want,
Drug money its gonna buy you what you want.
Fish scale, Ill buy you what you want,
Thousand bill, Ill buy you what you want,
A hundred square, Ill buy you what you want,
Shoot it through the air, and buy you what you want. I got brick money, nine hundred for an ounce of yey,
Streets dry, so nine hundred what they got to pay.
Got a fifty in, got another fifty on the way,
In magic city let the city know its time to play,
White whip, stainless steel, bitch, 300K,
I aint gotta rap, trap jumping I can stop today.
Columbia, Columbians, I got em on the way.
Lawyer paid more money if I get popped today.
In Mexico my girl plugged when I was 16,
In Mexico I was getting em for the 16,
Thats a lot of money, now Im riding in exotic cars,
Switched my flow up, changed my future, now I got exotic cars.
