Anya

Deep Purple

I'm so far away
From everything you know
Your name is carried, is carried on the wind
Your ice blue waters Anya
Where do they flow
Where have they been?
Where have they been?
A hidden passion
Touching a spark
Flame of revolution
Burning wild in your gypsy heart
Your gypsy heart
Anya, Anya
The spirit of freedom
Anya, Anya
Anya
The light of freedom buried
Deep within your soul
Across the puszta plain to see
The rhapsody of angels
Refuse to dance alone

What do they mean?
What do they mean?
Your jewel flashing
Across the dark
Forbidding distance
I love your gypsy heart
Your gypsy heart
Anya, Anya
The spirit of freedom
Anya, Anya
Anya
Your jewel flashing
Across the dark
Forbidding distance
I love your gypsy heart
Your gypsy heart
Anya, Anya

The spirit of freedom
Anya, Anya
Anya
