

# Colour Me

## Brett Fuentes

Crippling times  
Cruelty in the wind  
I look for youA river of pain  
I'll see it again  
Leave it for a next timeColour me weird  
Colour me lost  
Take me awaySee me for who I am  
Or don't see me at allColour me blue  
For all the time I've been alone  
Colour me red  
For all the times I felt your love  
Colour my soul, I am yours  
Color meTAKE ME AWAY  
Leave it for a next time  
ALL I NEED IS YOU  
To make me newColour me white  
For the times I thought I did no wrong  
Colour me black  
From the pain of our mistakes  
Colour my soul, I am yours  
Color meAre you waiting for me?
