

Monkeys on Juice

Red Lorry Yellow Lorry

Oh it is out of our hands,
We never stood a chance!
I'm living in the perfect life,
We fail to make much sense!.life's a circle, that's for certain,
Round our dreams we glide!
In drunkenness we stumble...
For hours...for hours...Where emptiness is meaningless,
I'm feeling terrible friend,
I'm laughing at such pointlessness,
It's all we like to do...
Life's a circle, that's for certain,
Round our dreams we glide,
The feeble lies that they have spoken for us....for us....We're like monkey's on juice!.
Monkey's on juice,
Monkey's on juice,
Monkey's on juice!!.(Instrumental break)The poison in our system,
It is getting out of hand,
No faith in such religiously,
We have seen these things before!.life's a circle, that's for certain,
Round our dreams we glide!
In drunkenness we stumble...
for hours...for hours....
We're like monkey's on juice!,
Monkey's on juice,
Monkey's on juice!!
