I'm The One

22-20s

Well you could do better than to treat me like you do
You could do better to remember who you're talking toYeah I'm the one you held first
Yeah I'm the one, I'm the one you held firstWell you could do better than to make me insecure
You could do better just make me feel sureThat I'm the one, yeah I'm the one you call first
Yeah I'm the one, I'm the one you call firstWell listen to me babe I'll tell you what I'm gonna do
Dance till I kill somebody to get home to youAnd I'm the one, yeah I'm the one you kissed firstYou I know I love you, you use it well
You I know I love you, you use it well
You I know I love you, you use it well
You know I love you, you know I love you
You know I love youWell you could do better just to give all you can give
You could do better to remember who you're dealing withYeah I'm the one you kissed first
Yeah I'm the one, yeah I'm the you kissed firstYeah I'm the one, yeah I'm the one
Yeah I'm the one, yeah I'm the one
Yeah I'm the one, yeah I'm the one
Yeah I'm the one, yeah I'm the oneYeah I'm the one, yeah I'm the one
Yeah I'm the one, yeah I'm the one
Yeah I'm the one, yeah I'm the one
Yeah I'm the one, yeah I'm the one
