It's a Good Day

Perry Como

Oh it's a good day, for singing this song
and it's a good day, for moving along
Yes it's a good day, how could anything go wrong?
It's a good day from morning till nightYes it's a good day for shining your shoes
and it's a good day, for loosing the blues
everything to gain and nothing to loose
cause it's a good day from morning till night (you're right!)I said to the sun, good morning sun
Rise and shine today
You know you got to get going if you're gonna make me showin
And you know you'll got that right away
Cause it's a good day, for paying your bills
And it's a good day, for curing your ills
So take a deep breath throw away all your pills
Cause it's a good day from morning till nightJust this very day i said to the sun: "Good morning sun"
Rise and shine (why don't you rise and shine)
You know you got to get going if you're gonna make me showin
And you know you'll got that right away
Cause it's a good day, for paying your bills
And it's a good day, for curing your ills
So take a deep breath (ahhh) throw away all your pills
Cause it's a good day from morning till night
say that again
oh it's a good day from morning till night
that's what he said
cause it's a good day from morning till niiiiight!
