

Baby You're Crazy

Marie Osmond

But you were right about Dylan writin'
House of the Risin' SunAnd you were right about which corner
that Italian restaurant was onAnd you were right about that fight
and makin' me fightin' madYou know it's killin' me

Just a little bit

To admit all thatBut, don't let a little rocky road
Make you think I'd ever goIf you think that I would ever walk away
From love like this
Baby you're crazyIf you think I'd say goodbye there's just no way
From love like this

Baby you're crazyYou were right about old movies
And how they always make me cryAnd you were right about Jesus
And how I need him in my lifeAnd you were right about last weekend
And how it ended way to soonAnd how we didn't need

A single thing

But that hotel roomWatchin' the morning rain
Runnin' down the window painIf you think that I would ever walk away
From love like this
Baby you're crazyIf you think I'd say goodbye there's just no way
From love like this

Baby you're crazyYou know every dark corner of my soul
And you loved me thru it allIf you think that I would ever walk away
From love like this
Baby you're crazyIf you think I'd say goodbye there's just no way
From love like this
Baby you're crazy('repeated to end.)
