

# Get Away

## Paperwhite

[Verse 1]

Make me an offer

One heart for true love

Cards on the table

Are you ready for this one?

Cause this heart's protected

And it's hanging on

I wanna give in

But I can't do it on my own[Pre-Chorus]

Oh my, I don't really know if this is alright

But we can take a stab at it

If you steal my love, you have to keep it

Oh my, maybe we weren't destined for these late nights

But we can work out all of it

Do you have my heart or no?[Chorus]

Don't you wanna run?

[?], I'll get away

Don't you wanna fly?

[?], I'll get away

Don't you wanna, don't you wanna get away?

Don't you wanna run?

[?], I'll get away

Don't you wanna fly?

[?], I'll get away

Don't you wanna, don't you wanna get away?[Verse 2]

Call off the search light

We'll find a home

You'll hold my heart tight

In the pocket of your coat

These weights were lifted

But I feel low, we had to risk it

To break into the unknown[Pre-Chorus]

Oh my, I don't really know if this is alright

But we can take a stab at it

If you steal my love, you have to keep it

Oh my, maybe we weren't destined for these late nights

But we can work out all of it

Do you have my heart or no?[Chorus]

Don't you wanna run?

[?], I'll get away  
Don't you wanna fly?  
[?], I'll get away  
Don't you wanna, don't you wanna get away?  
Don't you wanna run?  
[?], I'll get away  
Don't you wanna fly?  
[?], I'll get away  
Don't you wanna, don't you wanna get away?[Post-Chorus]  
Get away  
Get away[Chorus]  
Don't you wanna run?  
[?], I'll get away  
Don't you wanna fly?  
[?], I'll get away  
Don't you wanna, don't you wanna get away?  
Don't you wanna run?  
[?], I'll get away  
Don't you wanna fly?  
[?], I'll get away  
Don't you wanna, don't you wanna get away?  
Don't you wanna run?  
[?], I'll get away  
Don't you wanna fly?  
[?], I'll get away  
Don't you wanna, don't you wanna get away?  
Don't you wanna run?  
[?], I'll get away  
Don't you wanna fly?  
[?], I'll get away  
Don't you wanna, don't you wanna get away?
