

Breathless

Lifer

5, 4, 3, 2, 1, 0 Offended by my obscenity

Mouthful of soap cleansing me

Asking for a little empathy

Mouth is stained, please let me Breathe

Don't breathe

Don't breathe

I can't breathe Breathe

Don't breathe

Don't breathe

I can't breathe I am suffocating

I am suffocating

I am suffocating

I am so frustrated Drowning in my insecurity

I am on my hands and knees

Begging for a little sympathy

Begging you to help me Breathe

Don't breathe

Don't breathe

I can't breathe Breathe

Don't breathe

Don't breathe

I can't breathe I am suffocating

I am suffocating

I am suffocating

I am so frustrated
