## Exodus

Unrelenting vengeance  
On man for all his sins  
Ruthless eradication  
Duty of reckoning to begin  
The human race is a cancer  
Fueled by power and lust  
Punishment is the answer  
And payment is your bloodDeath and destruction  
Hellish cries are the sound  
Headlong into hell  
Retribution is now  
Inflict the suffering  
Let the punishment fit the crime  
I belong to vengeance  
And vengeance is mineChoking out the life  
Of every living thing  
History repeats itself  
World brought down by greed  
Prostitute the truth  
Stealing from the blind  
Arrogant indifference  
The raping of mankindDeath and destruction  
Hellish cries are the sound  
Headlong into hell  
Retribution is now  
Inflict the suffering  
Let the punishment fit the crime  
I belong to vengeance  
And vengeance is mine
