All in Our Minds

Passafire

I don't wanna work for the sake of bringing home a check
Gotta be a lot more to it
I don't wanna play for the sake of gaining your respect
I Just wanna play my musicAnyone who tries to take by giving rights away can't see light of day
Only seeking darkness when life is hardest
Gotta be an easier wayI don't wanna talk for the sake of hearing myself
I wanna be a positive influence
I don't wanna walk for the sake of tracing my steps
Future is a gate and I walk right throughAnyone who tries to be a compromise to me was not at light to see?
-Confrontation only concentration
Finding my harmony
Anyone who tries to say there is a price to pay to keep death at bay
Only one
(unfinished)
