

# All I Can

## Echo Movement

I'm holding onto all I can  
Can't try to take that away  
One little thing I know  
Is I'll never win if I never play  
I'm holding onto all I can  
And I listen to Bob Marley  
Every little thing will be ok

So I'm told I'm nobody till I'm somebody  
Turn it around again  
Some they say I might be crazy  
But tenacity ain't a sin  
So I'm trying and I'm trying and I'm trying again  
Know exactly where I am  
My mind is forgiving to my soul's decision  
And my body don't give a damn

[chorus]

So I'm feeling for a switch  
I've been flipping around my current condition  
A way to get up, stand up from a sitting position  
I try to be cool and understand the collision  
When the mission was already planned  
So I stand on the edge of the land  
Bury my feet in the sand  
Try to establish a plan  
A way to trust my life with my band

[chorus]

I know where I'm supposed to be, but don't know where to go  
Drifting around again  
I'll answer your stares like they're questionnaires  
And I'll grin a perfect ten  
So I'm trying and I'm trying and I'm trying again  
Know exactly who I am  
My soul is tolerating of my mind debating  
If my heart still gives a damn
