Little Italy

Stephen Bishop

Can't you hear the parade?
Somebody's callin' the name
They're on the sidewalk
And all the people turn their heads to seeAh mama, am I holding
On to the wings of a prayer
Waitin' for Rosie
Tell me do you think she cares?Ah, dancin' in the streets, in little Italy
Ah, they're all dancin' in the streets, in little ItalyI'm an old woman
And your old enough to live your own life
But stay out of the barrels
The boys are seein' you with the clownsAh but Rosie
She's gotta rainbow 'round her shoulder
You better not lose her
Wild flowers make her heart singAh, they're dancin' in the streets, in little Italy
Ah, they're are dancin' in the streets, in little ItalyAh, they're all dancin' in the streets, in little Italy
Ah, they're are dancin' in the streets, in little Italy
