Causing Chaos

Damn
You no I did you wrong and everything but I
I just want u to know that I need you back by my side and there ain?t nothing like to do now I just want u back wit me you no what I?m saying
One chance
One more one more one more chance x3
Oh yeah
CHORUS
Just give me one more chance
Girl you are my everything
One more glance, at your face
Cause you no you are my queen
N I feel you in my heart and see u in my dreams just come back to me
I did my dirt to make you hurt in the past
But this time I promise I will make it last
Cause when u left girl i lost a part of my soul
i was out schemeing on the down low
Thinking you wont kno, you thinking I?m faithful
Til the truth unfolds and u told me you?re done and u had to go
Left me all alone, wont ansa tha phone
Cause I did u wrong
And I?m trying to be strong, never meant to ever let you go
Cause you no you?re the one that brings me up shines like the sun and now I?m down the road and cant see no more my nights are cold

One more one more one more chance x3
Just give me one more chance.
Repeat Chorus:
I?m feeling so shamed cause I was playing games
Who else is there to blame no not, you
But myself cuz having you wasn?t enough for me you did so much gud now I couldn?t see
Now let me breathe ah ah ah no oh
Never want to have another reason for you to leave
I?ll do anything for you cuz ur the one I need
So come back to me just come back to me
Cause if I didn?t have you in my life my life would end
Not only are you my lover but my friend
My my my my my my friend my my my my my my friend (no oooohhhh yeah yeah yeah) x2
Just give me one more chance

Girl you are my everything
One more glance, at your face
Cause you no you are my queen
N I feel you in my heart and see u in my dreams just come back to me x2
one more one more one more chance, just one more
