Caustic Sofa

Bis

Looking for a friend,
I felt you whisper in my ear
The sound was muffled,
But the meaning it was clear
'get out of my life', you said
'i don't want you,
You're such a stupid asshole'
But it can't be trueDon't tell me I haven't got any function
I'll go down kicking, yeah
Don't tell me I haven't got any function
I'll go down kicking, yeah
Don't tell me I haven't got any function
I'll go down kicking, yeah
Don't tell me I haven't got any function
And I'll go down kicking, yeahI believe in what you do
I don't believe in what you say
And now you think everything's cool
But I see red
And now in all my dreams you know
I see you, I see you deadDon't tell me I haven't got any function
I'll go down kicking, yeah
Don't tell me I haven't got any function
I'll go down kicking, yeah
Don't tell me I haven't got any function
I'll go down kicking, yeah
Don't tell me I haven't got any function
And I'll go down kicking, yeahHow much of what you say is true?
How much of what you do is pure?
I know nothing that you say is true
I'm kicking, yeahDon't tell me I haven't got any function
I'll go down kicking, yeah
Don't tell me I haven't got any function
I'll go down kicking, yeah
Don't tell me I haven't got any function
I'll go down kicking, yeah
Don't tell me I haven't got any function
And I'll go down kicking, yeahDon't tell me I haven't got any function x4
