

Threshold of Pain

Aversion to Life

Bleeding Pain, Drooling suffering
I shall enjoy becoming your fear
Enjoying every second of my offering
Praying for death as I draw near

You will-know the pain
Make you-bleed again
Quickly-start the screams
Slowly-releasing
Your death-savoring
Beg me-to destroy
Screaming-Perpetuate
Tortured-Violently

Ungula ripped out first
Break each toe one by one
Decayed contrivance crush
Feeding the malignant Beast

Bone crushing hours
Savor, each snap sets me free
Bound gagged and drawn
Commence your cruor discharge

Rusted scalpel disperse
Your Tits I incise and extract
Cauterize with burning blood
Finding your threshold of pain

Torment has just begun
Lacerating your Bloody cunt hole
Moan and shriek combined
Convulsions gorging my gluttony

Staple eyelids to your forehead

You can see what you do to me
Enjoy the axe handle sodomy
Busting teeth with your own shit
Kept alive despite your cries
Gnawing skull flesh parasitic
Ram your shit into your spleen
Splore the entrails find the seed

Excruciation

Ripping flesh away
Legs far astray
Enjoy my prey

Skull in my hands
Taste beating brain
Still not dead

Nails through your eyes
Cock down your throat
Stifle your cries

You dirty Bitch
Bleeding lubrication
Taste urination

Hangar for your Cunt
Abort the fucking lump
You die next

Threshold of pain
Point of agony
Release your own life

Drink my cum
Gagged and bled
Cock protruding
From your head
Finally comes
Touch of death
One with pain
Hours suffering
Before you bled

For all eternity
Blessed by pain
Forever suffering
