

# All Day Long I Dream About Sex

JC Chasez

So you wanna be a rock star keep it going, don't stop  
Work it while you're on top, call the cops  
Roller coaster riding, baby up and down  
I love to watch you do it I just want to get close to you find out what it takes to move you  
Feel the rhythm, hit the spot, getting hot all night long All day long I dream about sex and all night long I think  
about sex  
And all the time I think about sex with you, with you  
All day long I dream about sex and all night long I think about sex  
And all the time I think about sex with you, with you Keep in mind, I'm a love machine  
Get it twenty four seven, call me any time you need  
Some extra attention, did I forget to mention?  
School's back in session, get ready for a lesson I just want to feel alive and do what it takes to satisfy you  
Hour after hour baby all night long with you All day long I dream about sex and all night long I think about sex  
And all the time I think about sex with you, with you  
All day long I dream about sex and all night long I think about sex  
And all the time I think about sex with you, with you All day long I dream about sex and all night long I think  
about sex  
And all the time I think about sex with you, with you  
All day long I dream about sex and all night long I think about sex  
And all the time I think about sex with you, with you All day long I dream about sex and all night long I think  
about sex  
And all the time I think about sex with you, with you  
All day long I dream about sex and all night long I think about sex  
And all the time I think about sex with you, with you
