

Blue Spanish Sky (Remastered)

[Chris Isaak](#)

It's a big blue Spanish sky
Lay on my back and watch clouds roll by
I've got the time to wonder why
She left me
It's a slow sad Spanish song
I knew the words but I sang them wrong
The one I love has left and gone
Without me Now she's gone, our world has changed
Watching a blue sky, thinking of rain It's a slow sad Spanish song
I knew the words but I sang them wrong
The one that I love has left and gone
Without me It's a big blue Spanish sky
I lay on my back and watch clouds roll by
I only wish I could make you cry
Like I do
Like I do
Like I do
