I Love You Money

Lowell

You live in a man's world
Man, man, man's world
I tell you I don't want to anymore
Let's sing na na na na
Kick you out the doorYou live in a man's world
I live in my own world
I tell you I don't want to anymore
You sing na na na na
Kick you out the doorI don't want you anymore
And I kick you out the doorLoved and rusty, take my hand
I'm not for you, you're not my man
You take to me and we dance, dance, dance
It's not for love and not for romanceNa na na na na
Gonna kick you out the doorMoney hey
Money woo
Money hey
Do you want me?Money hey
Money woo
Money hey
Do you want me?Do you want me, too?
I wanna know 'cause I can't help this anymore
All I wanna know is are you gonna come on home?Do you want me, too?
I wanna know 'cause I can't help this anymore
All I wanna know is are you gonna come on home?I love you
Money hey
Money woo
Money hey
Hey, heyMoney hey
Money woo
Money hey
Do you want me?Money hey
Money woo
Money hey
Do you want me?
