

Middle of Things, Beautiful Wife (feat. SPZRKT)

Sango

Oooh, yeah oh oh
Big old dreams in real life
Crown king and this beautiful wife
we don't like to sit in our throne, no
Truth beats all, we're never home.
Maybe because there is
a whole world just waiting for us,
Many things created by the God we trust.
And It's a shame, it's a shame
We don't even sleep in hotels,
We've been in the plane,
On the plane
I wanna go to London, Tokyo, Paris , LA!
New York, China Town, Sydney, Spain!
London, Tokyo, Paris , LA
New York, China Town, Sydney, Spain!
Oh!Right there in the middle of the things
Right there in the middle of the things with me.
Right there in the middle of the things It's you, oh!
OK.
Right there in the middle of the things
Right there in the middle of the things with me.
Right there in the middle of the things It's you, uuuh!
