

# High As the Moon

## The Get Up Kids

I built an altar for you, out of Polaroids and pins  
On the wall of my room  
I don't know what to do  
Waitin' for you, should be a sin Outside a station, builds me up  
It's all I can do  
High as the moon, waitin' for you  
To come back to my room I built an altar for you, hope you come around  
Those lead to my house  
I had a question for you, tellin' the truth  
Throws at the sound Outside a station, builds me up  
It's all I can do  
High as the moon, waitin' for you  
To come back to my room All I can say  
Is show me some strength  
Come over please  
Your enemies, won't get to you Waitin' to speak  
Days into weeks  
Come over please  
No enemies Outside a station, builds me up  
It's all I can do  
High as the moon, waitin' for you  
To come back to me please Come over soon  
No enemies  
Come over see  
I'm begging you
