[James Blake](#)

I don't mind, it was all me
I don't mind, it was all me
I don't mind, it was all me
I don't mind, it was all me

'Cause I am flawed
When I am through those doors
'Cause I am flawed
Times unsure
I should do whatever will make you feel secure

I don't mind, it was all me
I don't mind, it was all me
I don't mind, it was all me
I don't mind, it was all me
