# Demon Road

## Yeasayer

I don't believe in much
I know that it's a problem
Like being romantic
I've never been no good at bringing flowers to youI don't believe in fate
Things are so accidental
unsentimental traits
Built up so many walls i have to stand alone inAll hell is gunna break loose
Find out what im into
All hell is gunna break loose
Find out what im intoNot into reading stars
Some days i rarely look up
But i know that you are
Mystical in your own way so i stop complainingAll hell is gunna break loose
Find out what im into
All hell is gunna break loose
Find out what im into x2Demon road, demon road
Make me feel older
Dont change my tone
take me home x6Make me feel older
